NEW **TRYON** RANGE

Style and performance ***comes in 3 versions***

TRYON

MAXIMUM COVER ACROSS THE RANGE MAKES IT SUITABLE FOR MANY USERS

Sporty line, maximum cover, non-slip adjustable nose bridge, PLATINUM® anti-fog and anti-scratch coating, co-injected temples and equipped with 160° Flex technology. The new TRYON range is available in 3 versions providing unique performance.

- Protective glasses available in clear, smoke, CSP and blue flash versions.
- Maximum cover over-the-glasses (OTG), with soft upper brow protection, co-injected adjustable and extendable temples to allow for precise adjustment and compatibility with most prescription glasses.
- Prescription glasses showcasing Bollé Safety's innovation, offering corrections base 7 and +.

3 versions to ensure optimal protection for all your employees.
